We believe this policy relates to the following legislation:

- Occupiers' Liability Acts 1957 and 1984
- Health and Safety at Work, etc Act 1974
- Workplace (Health Safety and Welfare) Regulations 1992
- Education (School Premises) Regulations 1999

- Education Act 2002
- Health and Safety (Miscellaneous Amendments) Regulations 2002
- School Premises (England) Regulations 2012
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013

We have a duty of care under The Health and Safety (First Aid) Regulations 1981 to promote the health, safety and welfare of all pupils, school staff and visitors by providing adequate first aid equipment and having nominated school staff qualified in first aid.

Annually we carry out an assessment of medical and first-aid needs which involves consideration of workplace hazards and risks, the size of the school and the number of people on site in order to determine what first-aid equipment we should provide.

We will ensure that under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR) that all accidents resulting in death, major injury or the prevention of the injured person undertaking their normal work for more than three days will be reported to the Health and Safety Executive (HSE).

We will ensure that first aid provision is up to date and available at all times in school and for all off-site educational visits and sporting events. Pupils and school staff with specific health needs and disabilities will be given specific consideration.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
